

Mark your calendars now -

you won't want to miss this St. Andrew Presbytery first!

Saturday, May 1, 2010

10 am - 3 pm

**Hopewell Camp &
Conference Center**

Lunch will be provided

TECHNOLOGY FAIR

For all levels of ability, this one day workshop will offer training, as well as, resources for putting technology to work in your church.

Topics include: hardware and software selection; networking and "wireless networks;" using the world wide web for mission, communication, evangelism, and education; use of "social networking" sites like Facebook and Twitter; how to access MissionInsite demographics for your community; and utilizing our presbytery's and synod's web-based communication tools and resources.

For registration information, contact the presbytery office or visit our website:
www.standrewpresbytery.org

Got questions?

We'll do our best to give you answers!
